

DEVELOPMENTS AT MUNI SEVA ASHRAM (UPCOMING PROJECTS)

Over the past few months, we have made quite a lot of progress, and there have been many developments, some of which are:

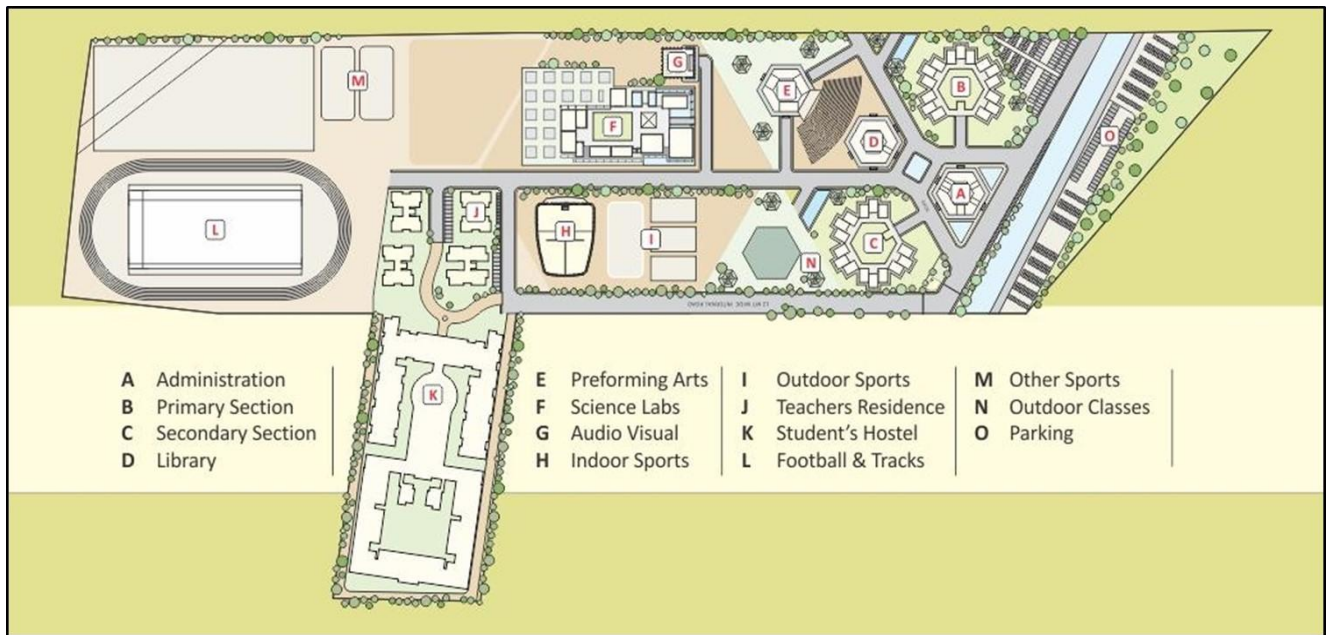

- **New Ward Building:** Surgical OPD block (with 10 surgical OPD rooms, minor procedure and dressing room); Day-care Chemotherapy ward (with the 82-bed day-care unit, OPD of medical oncology, procedure room); Upgradation of blood bank (with up-gradation of existing facilities, stem cell harvesting and preservation)

- **Vocational Training Centre:** More than double intake capacity up to 500 with classrooms, laboratories and residential facilities; ~30 new courses (currently 11 in healthcare) in Agriculture and allied activities, Renewable energy, Manufacturing, Construction, Others (Tailoring, Security Guard, Printing, etc.)

- **Eklavya Model Residential School Campus:** More than triple intake capacity ~900 with smart classes, library, science & technical skill labs, robotics lab, playgrounds, indoor and outdoor sports facilities, residential facilities and staff quarters

- **Expansion of Bhagini Mandir:** Double intake capacity ~200 with two levels, kitchen and dining hall, physiotherapy room, two activity halls, rooms for the mentally-challenged women and staff quarters

- **Expansion of Sharda Mandir Primary School Campus:** More than double intake capacity ~600 with smart classes, library, science & technical skill labs, playgrounds, indoor and outdoor sports facilities, residential facilities and staff quarters
