A Legacy of Love, A Future of Hope

जय श्री कृष्ण !

In just a few days, we will stand at the threshold of a momentous occasion-our **45th Foundation Day**. It is a time to reflect, to remember, and to revere the extraordinary journey that began with the selfless vision of Pujya Shree Anuben. What started as a humble effort has today blossomed into a sanctuary of healing, learning, and compassion-a place where countless souls find solace and strength.

As we pause to honour this milestone, let us turn our hearts in gratitude to her unwavering dedication. Her legacy is not just written in the structures we have built, but in the lives we have touched, the smiles we have kindled, and the hope we continue to nurture. She taught us that true service transcends personal ambition; it is a commitment to uplift, to care, and to love unconditionally.

On this special occasion, let us renew our pledge-to carry forward her mission with the same fervour, to extend our hands where they are needed most, and to keep the flame of seva burning bright for generations to come. May we remain steadfast in our journey, ensuring that every step we take echoes the values she held so close to her heart.

Even as we celebrate this legacy, we hold close in our hearts our young ones who are about to embark on a crucial journey of their own—their board examinations. May they find strength in their hard work, clarity in their purpose, and blessings in abundance. Your warm wishes and prayers will be the wind beneath their wings as they take these defining steps toward their future.

And as the sacred festival of Mahashivratri approaches, we find profound meaning in the words "जीवसेवा ही शिवसेवा" - to serve life is to serve the Divine. May this truth inspire us all to walk the path of selfless love and boundless compassion.

With reverence, gratitude, and a shared dream of a brighter tomorrow, we move forward—together.

On the auspicious occasion of Gyan Panchami, our students from EMRS paid homage to the embodiment of knowledge, wisdom, and arts – Ma Saraswati.

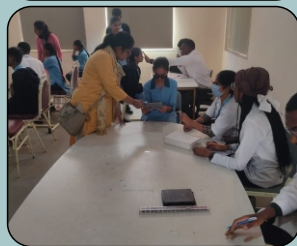

May her celestial music inspire our minds, may her gentle touch ignite our imagination, and may her divine presence guide us on our journey of discovery and growth.

The timeless tales of the Mahabharata continue to inspire young minds, and through their heartfelt words, our participants have beautifully reimaged the lives of its legendary characters. It's with great pride and joy that we announce the winners of the essay writing competition, who brought to life the virtues, struggles, and emotions of Mahabharat. A big congratulations to these young storytellers for their exceptional work! Your words reflect the spirit of the Mahabharata and inspire us to explore its lessons with renewed curiosity.

In a wonderful collaboration with CHARUSAT and BDIPS's Department of Optometry, we organized a special eye screening camp for the students and residents of Muni Seva Ashram. With dedication, a team of faculty members and interns recently conducted primary eye checkups at our EMRS – Maganpura Campus, reaching 245 students and staff members with care and expertise.

For 46 students, this initiative brought more than just a checkup—it brought the promise of clearer vision, as they received spectacle prescriptions, which will be arranged for them soon. A heartfelt thank you to the incredible team for their time, effort, and compassion. Because every child deserves the gift of good vision to see a brighter future!

Three students from our EMRS, Maganpura Campus- Class 10, Darshil Raut, Kishan Malivad, and Philip Chaudhari, **participated in the final round of Gujarat STEM Quiz 3.0 at Science City, Ahmedabad.** The competition drew 520 teams from 28 states and 8 union territories.

Some families we are born into, others we find along the way...

Today is Valentine's Day—a day to celebrate love in all its forms.

For me, love is more than words; it is the warmth of a home, the guidance of a mentor, and the silent, unwavering support that shapes a life.

I wish to express my deepest love and gratitude to my EMRS school, where I spent the most formative years of my life, from 6th to 12th grade. It wasn't just a school—it was a family, a place where I found care, belonging, and the strength to dream.

To my teachers and Principal Sir, who saw potential in me even before I saw it in myself—thank you for moulding me into the person I am today.

To Dr. Vikram Pappa, whose tireless dedication has changed the lives of thousands of students like me from tribal areas—you are a beacon of hope and inspiration.

To, Dr. Atul Patel (Famous Infectious Disease Specialist from Ahmedabad), whose achievements, both academic and personal, continue to inspire me every

day—your support didn't just fund my education; it fuelled my aspirations.

This Valentine's Day, I celebrate you—my family, my mentors, my guiding lights.

With gratitude and love,

I am Dipesh Rathva, proudly pursuing Computer Science Engineering at Nirma University, Ahmedabad.

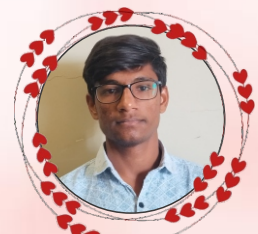

Love That Built Me

Love isn't just about saying it
it's about showing up, supporting, and believing.

Then:

A student of EMRS, MSA
learning and dreaming.

Now:

A Computer Science
Engineering student at
Nirma University,
chasing those dreams.

To my EMRS school, my teachers, my mentors, and my supporters
you are my family, my guiding lights, my reason to keep striving.

**I am Dipesh Rathva,
standing strong today,
only because of your love !**

We hosted a cancer support group meeting, led by Dr. Viveka Labana and supported by Sanjeevani, attended by patients, relatives, nursing students and vocational trainees.

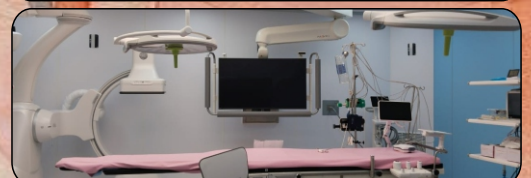

Precision Treatment at Kailash Cancer Hospital: Vascular Cathlab in Action

At Kailash Cancer Hospital, our state-of-the-art vascular lab recently played a crucial role in managing a challenging case. A patient, who has chosen to keep their identity confidential, presented with melena (black, tarry stools) due to a recurrent adrenal tumor that had metastasized to the stomach.

To control the life-threatening bleeding, our expert team performed an angioembolization—a minimally invasive procedure that blocks the blood supply to the tumor. Using embospheres (tiny particles that occlude vessels) and lipiodol (a contrast agent for precise targeting), we successfully blocked the tumor's feeder arteries from the gastroduodenal artery.

This intervention not only stabilized the patient but also aimed to limit tumor progression, showcasing the advanced capabilities of our vascular lab in providing cutting-edge, compassionate cancer care.

From Despair to Hope: A Journey of Compassionate Cancer Care

There was a time when cancer was becoming an untamed tide, sweeping lives away without discrimination. Treatment was a distant hope, available only in metropolitan cities, and for the tribal and rural people of our land, this distance meant more than just miles—it meant the loss of precious lives. The cost of travel, lodging, and medical care forced many to abandon treatment, leaving families heartbroken and helpless.

But then, a ray of hope emerged. Patients, social workers, political leaders, and the compassionate people of this land turned to Pujya Shree Anuben with a heartfelt plea—to bring world-class cancer care closer to home. Answering this call, Kailash Cancer Hospital and Research Centre was established in 2001 under the aegis of Muni Seva Ashram, ensuring that quality treatment was accessible to all, irrespective of economic or social status.

Over the years, Kailash Cancer Hospital has evolved into a sanctuary of healing, equipped with cutting-edge technology, an expert team of doctors and caregivers, and unwavering compassion. Beyond medical treatment, we have built a nurturing environment—Atithimandir for patients' families, organic food from our own farms and gaushalas, serene pollution-free surroundings for holistic healing, and a robust support system that extends financial, emotional, and rehabilitative care. Every step we take is powered by the love, blessings, and generosity of our donors and well-wishers. We are #UnitedByUnique.

With over 34 lakh patients treated, we have come to understand one profound truth—behind every diagnosis, there is not just a medical condition, but a life, a family, a story of courage, resilience, and hope. We believe cancer care goes beyond curing a disease—it is about caring for the person as a whole.

Ranked among the top 25 cancer hospitals in India, we at Muni Seva Ashram's Kailash Cancer Hospital continue our commitment to personalized, dignified, and holistic healing. **On this World Cancer Day, we reaffirm our mission—to stand beside every patient, to listen to their stories, to hold their hands through the toughest battles, and to work towards a world where cancer is met not with fear, but with faith and determination.**

Let us unite, today and always, to go beyond the disease—to see, support, and strengthen the people behind it. Because every life matters, every journey deserves care, and every hope deserves to shine.

We proudly welcomed our new nursing students with a solemn oath ceremony, marking the beginning of their noble journey. The occasion was also celebrated with the conferment of Academic Excellence Awards to our high-achieving students, recognizing their hard work and dedication.

Therapeutic Diet Workshop

As part of our Nutrition Program initiative, we organized a Therapeutic Diet Workshop at the Nursing Institute of Muni Seva Ashram. A well-planned therapeutic diet plays a crucial role in managing diseases, promoting faster recovery, and improving overall well-being. It is tailored to meet specific health needs—whether for diabetes, heart conditions, or post-surgical care—ensuring that food becomes a powerful tool for healing.

Through this workshop, we aim to equip future healthcare professionals with essential knowledge about the impact of nutrition on patient care. Because when food is chosen wisely, it becomes the first step toward wellness!

Shaping Tomorrow's Caregivers

Our Institute of Nursing, in collaboration with Kailash Cancer Hospital's oncology experts, organized a comprehensive workshop on cancer and its treatment modalities. Students from Dinsha Patel College of Nursing, among others, benefited from this informative session.

Marking World Leprosy Day 2025, students from our Institute of Nursing conducted a series of awareness activities at Goraj and Rustampura PHCs and Waghodia CHC. The events, which included an awareness rally, poster exhibition, and skit, aimed to promote the theme 'Unite. Act. Eliminate.' and raise awareness about leprosy elimination.
